Three points of tax.
A third of the profit.

A real Maceió invoice: ISS charged at 5% when the official rate is 2%.

Audit

Every invoice against the official rate. Law and link attached.

Tenders

30+ documents filled. Every certificate checked on session day.

Global pricing

Taxes and final price in any country, before you sign.

AI explains. Official tables decide. Humans sign.

Five steps. Seconds, not days.

1. Upload
invoice, notice, contract

2. Extract
agents read every field

3. Decide
official tax tables

4. Explain
Gemma 4 on AMD cites the law

5. Sign
report + human review

The AI never computes the tax. It reads, explains and cites.

Every finding: the law + the official link.

1. **Upload invoices**
2. **Wrong rate flagged**
3. **Law cited, e-mail ready**
